In the Claims:

5

Please add new claims 17 and 18, as follows:

1. (previously presented) A method of receiving a subscription to a mutual fund, the method comprising:

receiving a request for a home page, the request specifying a domain, but not explicitly specifying a file within said domain;

responsive to the request, providing the home page comprising a notice of a subscription offering and a link to a web page;

receiving a request for the web page;

providing web page information allowing a user to subscribe to the mutual fund responsive to the receiving the request for the web page;

receiving an indication of an amount of money to be invested in the mutual fund;

identifying that a subscription period for the mutual fund has ended; and

providing to management of the mutual fund a number of subscribers to the mutual fund responsive to the subscription period for the mutual fund having ended.

- 2. (original) The method of claim 1, wherein the method additionally comprises communicating a total amount of money to be invested in the mutual fund responsive to the amount of money received.
- 3. (original) The method of claim 1 wherein all of the steps are performed via the Internet.
- 4. (original) The method of claim 1 wherein the web page comprises the web page information.
- 5. (original) The method of claim 1 wherein the web page comprises a link that may be followed to an additional web page comprising the web page information.
- 6. (previously presented) The method of claim 1, wherein the steps of claim 1 are performed for each of a plurality of users and the method additionally comprises the steps of:
- 5 accumulating the amounts of money from each of the plurality of users; and

providing to the mutual fund management the amounts of money accumulated.

7. (original) The method of claim 1, wherein the notice comprises a banner.

- 8. (original) The method of claim 7 wherein the banner comprises one selected from a scrolling banner and an animated banner.
- 9. (previously presented) A computer program product comprising a computer useable medium having computer readable program code embodied therein for receiving a subscription to a mutual fund, the computer program product comprising computer readable program code devices configured to cause a computer system to:

receive a request for a home page, the request specifying a domain, but not explicitly specifying a file within said domain;

responsive to the request, provide the home page comprising a notice of a subscription offering and a link to a web page;

receive a request for the web page;

5

provide web page information allowing a user to

15 subscribe to the mutual fund responsive to the receiving
the request for the web page;

receive an indication of an amount of money to be invested in the mutual fund;

identify that a subscription period for the mutual 20 fund has ended; and

provide to management of the mutual fund a number of subscribers to the mutual fund responsive to the subscription period for the mutual fund having ended.

- 10. (previously presented) The computer program product of claim 9, wherein the computer program product additionally comprises computer readable program code devices configured to cause the computer system to communicate a total amount of money to be invested in the mutual fund responsive to the amount of money received.
- 11. (previously presented) The computer program product of claim 9 wherein at least some of the computer readable program code devices use the Internet.
- 12. (original) The computer program product of claim 9 wherein the web page comprises the web page information.
- 13. (original) The computer program product of claim 9 wherein the web page comprises a link that may be followed to an additional web page comprising the web page information.
- 14. (previously presented) The computer program product of claim 9, wherein the computer readable program code devices of claim 9 are performed for each of a

plurality of users and the computer program product additionally comprises computer readable program code devices configured to cause the computer system to:

5

accumulate the amounts of money from each of the plurality of users; and

provide to the mutual fund management the amounts of 10 money accumulated.

- 15. (original) The computer program product of claim 9, wherein the notice comprises a banner.
- 16. (original) The computer program product of claim
 15 wherein the banner comprises one selected from a
 scrolling banner and an animated banner.
 - 17. (new) The method of claim 1, wherein:

the request is received by a broker;

the indication is received by the broker; and

the providing step is additionally responsive to

5 information collected by the broker before the mutual fund was in operation.

18. (new) The computer program product of claim 9, wherein:

the request is received by a broker;

the indication is received by the broker; and

the providing step is additionally responsive to information collected by the broker before the mutual fund was in operation.
